

South of St. Quentin the French have advanced their line to the west bank of the Oise canal over a front of three miles, and now completely outflank St. Quentin on the south and La Ferté on the north. Meanwhile, Field Marshal Haig north of St. Quentin, around the village of Epéhy, has taken strong positions from the enemy.

FRENCH FORCE-GERMANS FROM OISE DEFENSES

Seize River Bank North of
La Fore as Enemy
Retreats.

BULLETIN.
PARIS, Sept. 23.—French forces fighting along the line south of St. Quentin have reached the Oise river between Venduill and Travecy, according to tonight's official statement.

WITH THE FRENCH ARMY IN FRANCE, Sept. 23, 2:30 p. m.—[By the Associated Press.]—The French now hold the west bank of the Oise for more than half the distance from La Fore to Moy.

Gen. Debeney's troops captured the woods north of La Fontaine last evening and his patrols went through Venduill to the Oise.

The Germans had evacuated Venduill under the menace of being cornered there with their backs to the river by the French advancing toward the river in the region of La Fontaine. The French about the same time reached the quarries just north of Travecy, which completed the conquest of the west bank of the Oise in that region.

Together with the formidable defenses erected by the Germans around St. Quentin, Gen. Debeney's forces have reached the low marshy country of the valley of the Oise, which presents enormous difficulties to any troops that might attempt a crossing north of La Fore.

BRITISH HOLD GAINS.
WITH THE BRITISH ARMY IN FRANCE, Sept. 23, 2 p. m.—[By the Associated Press.]—The continuous efforts of the enemy to dislodge the British from their positions about Ephepy, which gravely threaten the Hindenburg line, have resulted in hard local fighting with the odds in favor of the British.

The British troops have clung tenaciously to their new defenses, while the weary and weakened Germans keep desperately hammering at them.

Attack in Artois Sector.
WITH THE BRITISH ARMY IN FRANCE, Sept. 23, 10 a. m.—[By the Associated Press.]—In a small attack east of Gavrelle, in the Artois sector, British troops last night advanced their lines for an average depth of 600 yards along a front of 1,100 yards.

Haid's men gained several strong positions in the patches of forest on the high grounds.

The British also have captured some ground southeast of Villers-Guislain, on the front southwest of Cambrai, and have cleared out several enemy strongholds northeast of Ronsemy after hard fighting which lasted the greater part of Sunday night.

The Germans last evening delivered a counter attack at Berthecourt, near Pontreux, supported by heavy artillery fire. A sharp infantry engagement followed in which the Germans pushed forward into some of the British defenses. An immediate counter attack, however, completely restored the situation.

YANKS TAKE PRISONERS.
WITH THE AMERICAN ARMY IN FRANCE, Sunday, Sept. 23.—[By Reuters.]—American troops raided the enemy lines in the neighborhood of Haumont village, in the center of the new line across the St. Mihiel salient

WIDE ADVANCE IN SERBIA CONTINUES

1—The allied armies in Macedonia have advanced forty miles. The Bulgarian army is fleeing in front, and German troops are being defeated as fast as they come into the fray. In the region of Strumitsa the battle line is only three miles from Bulgarian territory.

2—Between the Vardar river and Lake Doiran British troops have reached the line Kara Ophlar and Hamani and are advancing on Masevici on the west bank of the Vardar. Enemy has evacuated whole line on this front.

3—Bolsheviks report engagements in valley of Struma.

4—London reports Berlin has cut main railway line between Uebud and Salomel and are on western bank of Vardar river.

5—The Bulgarians have at Pribyl has been cut off from rail communication, and its fall is near. It is menaced from the south and east by the victorious Serbians.

6—The Italians in the region of Monastir have taken Monte Boleshto, one of the strong places on the Ohrida bend.

ITALY WANTS HELP

Again Urging U. S. to Send Big Force to Fight Austrians.

WASHINGTON, D. C., Sept. 23.—[Special.]—A telegram from Rome received in a diplomatic quarter today states the Italian press emphasizes importance of an announcement that the advisability of sending an American army to Italy had been laid before President Wilson. The Messagero, according to this dispatch, asserts generous American participation in the warfare against Austria-Hungary would not only have military value, but the highest political significance.

last night. They captured twenty-five prisoners.

One unit attacked Haumont itself. It engaged in sharp fighting in the village, taking 30 prisoners, killing and wounding some forty more Germans. The prisoners were members of a Jaeger battalion formerly stationed at Metz.

American patrols have discovered enemy trenches and a machine gun emplacement south of Dommarin, which is in the Kriemhild line. The enemy continues work all along this front.

Berlin Claims Advance.
BERLIN, Sept. 23, via London.—A slight advance of the German lines west of the Meuse is claimed. (This is the American front southwest of Metz.) The repulse of strong detachments which advanced against Haumont and elsewhere in reconnoitering operations in this sector likewise is announced.

HEAR FOR QUITS CAMBRAI.
PARIS, Sept. 23.—The Temps declares the Germans are evacuating Cambrai, sending the inhabitants to Flanders.

FOUND UNCONSCIOUS ON "L" TRACK.
Fred Nae, 6028 South Dearborn street, was found lying on the elevated tracks near Wilson avenue yesterday with one arm across the third rail. He was revived and taken to the Lake View hospital. It is said his bones are serious.

BERNHARD SAYS FOE MUST MAKE REAL REFORMS

BY GEORGE RENWICK.

Chicago Tribune-New York Times Cable. (Overseas.)
AMSTERDAM, Sept. 23.—It is not merely a matter of overthrowing the chancellor. That is a minor business. The point is that the necessities of the times in which we find ourselves force us without delay to undertake a change of our whole system of government, and this change must come quickly. Of course the German empire could possibly endure six months of further struggle on the old way, but what will happen after that time no one can tell today.

Thus writes George Bernhard, the political editor of the Vossische Zeitung, in a mournful article on the situation. He thinks that this week will be a vital one in the history of the German empire, and he utters a warning that it is no use making the situation worse by quarrelling about the great change.

It must come, and come quickly, for "the answer of the entire people to the Austrian note brings forward possibilities which force us to give a broader foundation to the structure of the imperial government."

Bernhard would prefer "a dictator whom the whole people could trust" but as such is not available, the people must take their destiny in their own hands and carry out their all through a chancellor who is in complete accord with the political parties.

The German war aims must be made clear and unmistakable, he goes on, and then he makes this interesting admission:

"We can only bring England and her allies to something like a desire for peace if we honestly decide to change thoroughly all those things which are now clearly demonstrated to be serious errors in the German policy."

ROBINS SILENT ON DOCUMENTS OF BOLSHEVIKI

Globe, Ariz., Sept. 23.—Raymond Robins and William B. Thompson, who formerly represented the American Red Cross in Russia, declined tonight to discuss the statement given out in New York on Saturday night by S. Nuorteva of the Finnish information bureau saying that Mr. Robins and Mr. Thompson had investigated and pronounced forgeries the Bolshevik documents obtained by Edgar Slason of the Committee on Public Information.

Mr. Robins said he was under instructions from the state department and could not make any statement at this time.

Mr. Thompson said he had made no statements and would make none at this time, but gave to the Associated Press the following signed statement:

"I have not met Mr. Nuorteva and have no personal knowledge regarding the Slason documents."

Overseas Hospital Care

Excellent, Gorgas Says

FOURS, France, Sept. 23.—[By the Associated Press.]—Max Gen. William C. Gorgas, surgeon general of the United States army, who is making a complete inspection of the medical corps of the American expeditionary forces, said today:

"I am much pleased with the care and health of the troops. Their sanitary condition is good; the sick rate is low and the wounded are excellently cared for."

"A large bulk of these men are getting very much better professional care here than they would have had at home."

BATTLE STATEMENTS

BRITISH REPORT

LONDON, Sept. 23.—The war office statement tonight says:

By a successful local operation this morning northeast of Ephepy we captured a German strong point which had been stubbornly defended for the last three days.

North of this locality a hostile counter attack in the morning succeeded in entering our positions at one point where a party of the enemy is still holding out. Elsewhere the attack was repulsed.

EARLY REPORT

Successful minor operations were carried out by our troops yesterday and during the night at several points. In the afternoon English troops captured a German strong point, in the neighborhood of the Requesy-Bony road, which had held out stubbornly all day, taking slightly prisoners.

Later in the afternoon a hostile counter attack from the direction of Gillemeu farm was repulsed with heavy loss by our rifle and machine gun fire. During the night other English troops made progress in the direction of Tombois farm after several hours' hard fighting and further north captured a group of strongly held trenches and strong points on the spur northwest of Venduill, taking a number of prisoners.

During the night also over 100 prisoners were captured by us in a successful local attack south of Villers-Guislain.

East of Gavrelle English troops made progress on a front of about three-quarters of a mile, capturing sixty prisoners.

Early last night the enemy attacked Berthecourt, under cover of a heavy artillery barrage, and penetrated our line at one point. An immediate counter attack by our troops completely re-established the positions.

AMERICAN REPORT

WASHINGTON, D. C., Sept. 23.—Gen. Pershing in a communique today supplementing in earlier reports for Sunday says:

HEADQUARTERS AMERICAN EXPEDITIONARY FORCES, Sept. 23.
Section B.—The following details have been reported of repulse of one of the enemy raids reported in the communique of Sept. 20:

At 5 o'clock the morning of Sept. 20 an enemy combat party of two officers and 100 men, armed with six heavy and two light machine guns, and preceded

Women Back from France

Say Soldiers Don't Stray

"France has gone quite mad over the American soldier," said Miss Alice Nichols, a buyer for Marshall Field & Co., yesterday, who, with Miss Mary I. Murphy, has just returned from Paris.

"The people are wildly enthusiastic over our boys, both because of their courage in the field and their manner when they are on leave. Their unflinching courtesy has made them the pets of the women of France."

"But how glad those boys are to see an American woman! They can tell one a block away, and if you don't stop and talk they are dreadfully hurt. They just want to say 'hello' to somebody who can say 'hello' back in good

by seventeen minutes' artillery preparation, came from Dampierre to the crossroads southeast of Champ-Fontaine farm to establish an outpost, locate our front line, and identify our troops. Our artillery barrage, quickly regulated to a concentration fire, scattered the enemy and inflicted casualties. Our infantry captured three prisoners and one heavy machine gun. Our only casualty was one officer wounded.

FRENCH REPORT

PARIS, Sept. 23.—The war office statement tonight reads:

In the region of St. Quentin the French troops continued their advance yesterday evening and last night. They penetrated the wood north of La Fontaine, captured the fort and village of Venduill, and pushed on to the Oise. French reconnoitering parties took prisoners north of the Aisne and in the Champagne in the direction of the Butte du Mesnil. German raids north of the Vesle and in the Vosges failed.

DELAYED REPORT

PARIS, Sunday, Sept. 23.—The text of the official statement tonight reads:

South of St. Quentin we have enlarged our positions to the east of Hincourt and La Fontaine. We have reached the western outskirts of Venduill.

North of the Aisne three counter attacks by the Germans were broken to the north of Allamant, and we have held our lines securely. We have gained ground east of Sancy and have taken prisoners.

GERMAN REPORT

BERLIN, via London, Sept. 23.—The war office statement today reads:

We captured prisoners in local raids south of Neuve-Chapelle. The artillery activity revived between Tynes and La Bassée on both sides of the Scarpe and on the canal sector south of Marquenne.

On the sectors east and southeast of Ephepy, as well as between the Omignon brook and the Somme, the artillery duels again increased to greater strength in the afternoon. Infantry attacks which the British launched against our lines southeast of Ephepy were repulsed.

Between the heights of Lorraine and the Meuse the artillery duels increased temporarily during the early morning. The enemy, who advanced with strong detachments against Haumont and south of Dampierre and Rembertcourt, frequently felt his way to our positions with reconnoitering detachments, but was repulsed. West of the Meuse we advanced our lines a little.

Soldiers from Chicago

Held in German Camps

Washington, D. C., Sept. 23.—[Special.]—Among soldiers from the middle west reported to the war department to be prisoners of war in German camps are the following:

At Camp Darmstadt hospital—Private Arthur Woodman, 1123 Noyes street, Evanston, Ill.

At Camp Cassel—Private Max Berg, 5626 Calumet avenue, Chicago.

BANKERS GATHER TO FURNISH WAR WITH LIFE BLOOD

Patriotic Note in Evidence at Their Annual Convention.

Highly delighted with their load of responsibility for the maintenance of the nation's financial stability during the war, members of the American Bankers' Association gathered yesterday for the first day of the forty-fourth annual convention of the organization.

The convention differed distinctly from any previous gathering of the body. This convention, meeting on the day of the fourth Liberty loan campaign, was far more serious. Also the patriotic national note was more distinctly in evidence.

Talk National Finance.

Discussion among the members, at informal gatherings, in knots about the Congress hotel, where the convention is being held, had to do, not as normally, with matters of individual concern, but with the broader field of national finance.

It was a typical war gathering. On the lips of the guests of most of the members were service pins, indicating the number of service men, as their members are busy engaged in seeing to it that money, the life blood of war, is kept circulating in a constant and adequate stream.

There was no doubt in the minds of the members that the next loan will be subscribed, as were its predecessors. From every section of the country came the same optimistic note.

Day of Preliminaries.

After three days of informal gatherings, there was little of importance to be reported. It was distinctly a day of preliminaries and organization.

Members came in and registered, to the number of nearly 8,000, leading President C. A. Hinch to predict a solid attendance for the week of at least 4,000, which he regarded as extremely gratifying, in view of the anxiety of the members to return to their homes by Saturday, when the loan drive opens.

Only One Open Meeting.

Only one session held an open meeting, the day being the agricultural convention of the association, which met in the Manhattan room in the morning.

The principal address was delivered by Dr. Clarence C. Ousley, assistant secretary of agriculture, who warned the bankers that "the war crisis is not a passing phenomenon, but a permanent one, and that the war crisis is not a passing phenomenon, but a permanent one, and that the war crisis is not a passing phenomenon, but a permanent one."

Dr. Ousley's address was a warning to the bankers that the war crisis is not a passing phenomenon, but a permanent one, and that the war crisis is not a passing phenomenon, but a permanent one.

HAMILTON AND BURR BORROWERS

Exhibit at Convention Throws Interesting Light on Their Financial Affairs.

W. T. PERKINS.

President of the Commercial National bank of Chicago, and Murray D. Lincoln of the Society for Savings of Cleveland, Joseph H. Hinch, chairman of the association, presided.

President Hinch, in an interview, said there was no doubt as to the next loan being oversubscribed. The notes have been already taken over half the loan in treasury notes, to be exchanged for the bonds when issued.

"They have been called on to take these notes to the extent of one-half of their resources. The notes have been already taken over half the loan in treasury notes, to be exchanged for the bonds when issued."

Could Raise \$300,000,000. Mr. Hinch asserted the country could supply \$300,000,000 if need be, and said the nation's morale at present is high, as he had observed from visits to various parts of the country. He also praised highly the federal reserve system, which he termed a "godsend."

A number of large banks from various parts of the country have headquarters at the convention. That of the Merchants' National bank of New York attracts much attention because of a unique ledger of the first year of the bank's existence, 1803.

40,000 TURKS IN TRAP; 2 ARMIES ARE WIPED OUT

British Sweep On in Holy Land; Bag Now 25,000 Foes and 270 Guns.

LONDON, Sept. 23.—Reports from the Palestine front this afternoon indicate that none of the Turkish forces of at least 40,000 men trapped by the British through the seizure of the last of the passages of the Jordan can possibly get away. The entire seventh and eighth Turkish armies have been virtually annihilated.

The war office announced today that 25,000 Turkish prisoners had been counted up to yesterday evening by Gen. Allenby's forces, and according to a correspondent with the British army in Palestine, the infantry alone had captured 270 guns in the drive north through Palestine.

The Turks had seven divisions south of Nazareth and west of the Jordan, but only one could be distinguished owing to the darkness of some of the Turkish divisions, the totals of the different units varying. The total of 25,000 prisoners reported, however, is believed to be far less than the final count will show, as at last reports prisoners were still being brought in.

No Escape for Turks. The text of the statement issued today by the war office reads: "Having seized the passages of the Jordan at Jericho-Damascus on the morning of Sept. 22 the last avenue of escape open to the enemy west of the river was closed by our troops."

"The Seventh and Eighth Turkish armies have virtually ceased to exist. Their entire transport is in our hands. By 3 p. m. on the 23d 25,000 prisoners and 270 guns had been counted. Many prisoners and much material remain to be enumerated."

CAVALRY WINS GLORY. BY W. T. MANNING. (Official Staff Correspondent with Gen. Allenby's Army.) (Copyright, 1918.)

PALESTINE HEADQUARTERS, Saturday, Sept. 21.—(Delayed.)—Gen. Allenby has captured the Turkish seventh and eighth armies. His cavalry has closed every exit except one, which cannot be reached by many of the enemy, and in a wide encircling movement his horsemen brilliantly broke down all attempts to put up a delaying rear guard fight.

The cavalry captured Nazareth, Nablus, Beitun, and Jenin, charged across the plain of Armageddon and at Jenin, and secured an enormous quantity of valuable booty. We have not heard the last of their efforts.

Once the infantry had broken through the southern defenses, the cavalry had just opportunity to sweep the yearning Australian light horse, and Indian cavalry, all in magnificent condition, performed a feat almost without parallel in this war. The utter defeat of the Turkish Palestine army would not have been possible but for Gen. Allenby's bold use of cavalry.

Sweep Through Enemy Lines. Directly the Londoners and Indian infantry had carried three lines of trenches on the seacoast early on Thursday the yeomanry and Indian cavalry galloped up the seacoast, crossed Nahr Palk, swept north, and got over Nahr Iskanderan, collecting 750 prisoners on the way.

After midnight they advanced north-east, into the hills east of Mount Carmel, rode over the plain of Edsaron, and then up the slopes of the hills.

The purpose of the visit was to thank the troops for having bravely held out, and according to a possibly significant remark by the emperor's chancellor, "at the same time giving them inspiring words for the fresh fighting on the threshold of which we are perhaps standing on the southwest of the empire."

PEARSON QUITS AGRICULTURAL DEPT. Washington, D. C., Sept. 23.—Dr. R. A. Pearson, his position as assistant secretary of agriculture in order to resume his duties as president of the Iowa State Agricultural college.

BRITISH BRING WAR FROM AIR TO TURK CAPITAL

LONDON, Sept. 23.—Constantinople was bombed by the British Royal Air Force Friday and Saturday of last week, according to an official communication issued by the admiralty tonight.

The Greeks cooperated in the bombing of Constantinople on Sept. 20 and 21 and dropped thousands of leaflets into Istanbul.

A balloon shot down in the European operations in flames set fire to three hangars, which were burned out. The British independent air force dropped nearly sixteen tons of bombs on German airfields and on blast furnaces in the Metz region on Saturday night, it was officially announced today.

The blast furnaces attacked were those at Hagendörfer and Rombach. Four enemy airdromes were bombed by the raiders.

PROMISE KAISER U.S. AND FRENCH SHALL NOT PASS. AMSTERDAM, Sept. 23.—"We shall never let Frenchmen or Americans through here," was the promise given Emperor William by his troops when he visited the Alsace-Lorraine front Sept. 19 and 20, according to Karl Rosen's Sunday dispatch to the Lokal Anzeiger.

The purpose of the visit was to thank the troops for having bravely held out, and according to a possibly significant remark by the emperor's chancellor, "at the same time giving them inspiring words for the fresh fighting on the threshold of which we are perhaps standing on the southwest of the empire."

Confucius and the Cobbler

Confucius left a pair of shoes with a cobbler to be mended.

When he went for them the shoes had not been touched. The cobbler's wife had thrown red pepper in his eyes, for reasons of her own, and the man could not see to work.

So Confucius gave him a pair of glasses, his eyes were healed, and he fixed the shoes.

Not only that, but a sign which he had in the beginning was also corrected by the glasses.

It is further related that his wife made a great disturbance over it. She had married a man with an aching, and now he had none!

The Chinese sage recounting the story quaintly observes, in conclusion, that the cobbler continued to wear spectacles.

12 CHICAGO MEN NAMED IN DAY'S BATTLE REPORTS

Lieut. Carl H. Timmons Killed at the Battle of Soissons.

Only two Chicagoans were named in the official casualty list issued last night. Ten were named in the early list. Relatives reported several casualties to the Tribune.

Word was received that Lieut. Carl H. Timmons of the machine gun company of the One Hundred and Sixty-sixth Infantry, Rainbow division, had been killed in action at the battle of Soissons. He formerly lived at 6458 University avenue. He enlisted a week after the United States entered the war.

Bernard J. Hagaman of 8818 Princeton avenue received a war department telegram stating that his son, Private Raymond Hagaman, Company E, One Hundred and Thirty-fifth Infantry, had been killed by the accidental discharge of a machine gun. No details were given. He had been in France since May.

Letter Tells of Wound.

Mrs. Gladys Donnell, 4310 West End avenue, received a letter from her son, Corporal Elmer J. Donnell, Company E, One Hundred and Thirty-fifth Infantry, that he had been wounded in battle, that he had been wounded in the leg. He is now in a hospital in England.

Private Harvey Everston, Company E, One Hundred and Thirty-fifth Infantry, has been wounded severely, the family was notified yesterday in a telegram. He was wounded in the leg, at the battle of Soissons. He is now in a hospital in England.

Private Thomas Barnes of the One Hundred and Thirty-fifth Infantry is in a base hospital in England, and in a letter to his mother, Mrs. Joseph W. Barnes of 3311 Potomac avenue, tells how he got there.

Kill or Get Killed.

"We were facing bullets from machine guns for seven days and nights. I killed two Germans dead as door nails. I don't like to kill any one, but if you don't kill them they will kill you. I got buried by a shell while in the trenches. Axel Weston (his name) dug me out at 5:15 Crystal street. I was so badly shot in I had to be brought to the hospital."

Another unofficial casualty is Corporal J. J. Costello, Company C, Sixth Infantry, wounded severely. He is a son of Mrs. E. Costello of Park Ridge.

Evanson Man Prisoner.

Arthur Woodman, son of M. J. Woodman, 1123 Noyes street, Evanston, is a prisoner at Darmstadt, Germany. The family was notified yesterday. Woodman was with the Second regiment of engineers as interpreter and it is presumed he went into action with the marines at Chateau Thierry. He was reported missing in action ten days ago. The family has not heard from him directly for eleven weeks.

The names of Chicagoans officially announced will be found in the lists.

DANIELS HOPES TO FOLLOW BAND THROUGH BERLIN

Philadelphia, Pa., Sept. 23.—In an address to workers at the Edgemoor Ammunition corporation plant today Secretary of the Navy Daniels reaffirmed the stand the United States has taken that there shall be no compromise with Germany.

"On my calendar in Washington," said the secretary, "there is recorded an engagement, no date yet set, to go with the machine band when it marches in the triumphant entry of Gen. Pershing's victorious army into Berlin."

Fifteen thousand workers cheered the secretary, who visited the plant to help celebrate the delivery within one year by the company of 1,600,000 rifles to the government.

HOUSE TURNS THUMBS DOWN ON DEMON RUM

Approves a "Bone Dry" Nation by First of July.

(Continued from first page.)

tion amendment was being shoved through congress on the lobby's order, he charged.

Meeker and Decker Row.

The row came to a climax when Representative Meeker declared the Anti-Saloon league had secretly pledged members of the Missouri congressional delegation to vote for the prohibition amendment.

Representative Decker of Missouri hotly denied this charge and defended the Anti-Saloon league.

"Do you mean to say that they didn't try to pledge members secretly?"

abouted Representative Meeker, rushing at Mr. Decker on the rostrum.

"You don't need to think you can intimidate me by rushing up here at me like that," said Mr. Decker.

Friends of the belligerents pressed forward to extend their good offices in preventing a physical clash. Representative Lever, in charge of the bill, advanced.

"I can keep order even if I am a pacifist," declared Mr. Decker.

The hubbub subsided with Mr. Meeker declaring he would produce documentary evidence to sustain his charges.

Bring in Brisbane Row.

The brewers' financing of Arthur Brisbane's purchase of the Washington Times was dragged into the debate.

Representative Black of Texas, defending the Anti-Saloon league, said the liquorists at least had never used money to buy a newspaper in the national capital.

Representative Stafford of Wisconsin defended Mr. Brisbane.

"Mr. Palmer," he said, referring to the alien property custodian, "has gone out of his way to cast odium upon as

loyal a man as can be found in America. That's the kind of a campaign the Anti-Saloon league conducts. It is bound to react against Palmer and all who like him indulge in such unfair tactics."

Representative Kahn said he had heard Mr. Brisbane make a speech seven years ago in which he advocated the use of beer and wine and the prohibition of whiskey.

Claims Whiskey Has Uses.

Representative Kahn told the house that 6,500 quarts of whiskey confiscated by the municipal authorities in Seattle had been turned over to the navy department for medicinal purposes.

He read a letter from Admiral Bratton, surgeon general of the navy, showing that the navy's acceptance of the liquor had been approved by Secretary Daniels, who ordered the navy made "dry" several years ago. He did this to illustrate that liquor had its uses, he said.

"Look at Russia," he said.

Representative Sabath of Chicago told the house the adoption of the amendment would be bitterly resented by laboring men.

MUCH 'NEW STUFF' IN GIBBONS' WAR TALK IN CHICAGO

Next Saturday afternoon and night when Floyd Gibbons tells in the Auditorium about his year-on the west front he will employ wartime narrative which has not been touched by any other speaker in Chicago since the war started. Mr. Gibbons is the first of the important war correspondents to come home to give a first hand account.

When we went into the war Gibbons was in Paris to greet the first detachment of America's fighting men to land. He has returned with the markings as well as the knowledge of war. One eye is gone and he has other injuries to attest the real with which he performed his job of reporting.

"All in the day's work," he told Lloyd George when that gentleman expressed regret that Gibbons had lost an eye.

EVER-SOOTHING POSLAM HEALS BROKEN-OUT SKIN

Let Poslam act for you as a soothing, concentrated, healing balm, to cover right over that itching skin trouble and soothe it, taking out the trouble and sores, causing the discoloration are repeated, causing the order to grow less and less each day. Poslam cannot harm. There is no risk in trying it to see if it really will soothe your sores, pimples, or eruptions of the skin. And the burden of proof is on Poslam for you will watch for visible results.

Sold everywhere. For one sample write to Poslam Laboratories, 243 West 47th St., New York City.

Three years' skin in sores, freckles, blotches, better by the daily use of Poslam Soap, medicated with Poslam. Advertisement.

HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in not noticing whether the hair is long or short. If you are one of the many who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo. You can enjoy the very best by setting some Chasteline hair dressing, dissolve a teaspoonful in a cup of hot water. This makes a lather of shampoo liquid enough to be easy to apply to all the hair, instead of just the top of the head. Wash with care, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much better than it is. Its luster and softness will also delight you, while the stimulating scalp gains the health which promotes hair growth. Advertise in The Tribune

The Arkansas Traveler

When the "Arkansas Traveler" asked his host why he didn't mend his roof, the reply, though made over half a century ago, is typical of many manufacturers to-day—"I can't fix the roof when it rains, and when the sun's out, what's the use?"

Some manufacturers say to-day, "Business is exceptional, factory working nights. Why advertise for orders that I could not fill?"

It is the same manufacturers who remark at other times, "Business is slack; we are cutting down in every direction; can't invest in advertising."

Overbold or not—invest now in business insurance for the future.

Business Insurance is known as Good Will. It has no necessary connection with immediate sales or immediate supplies. If ever there was a time when it was necessary to build and to hold Good Will, that time is now.

The Mouthpiece of Modern Business

THE DICTAPHONE

Registered in the U. S. and Foreign Countries

The telephone for verbal messages, The Dictaphone for written messages—that's the magic combination in many thousands of modern business offices.

Visit the business sections of great central cities. You will find sky-scrapers with Dictaphones on almost every floor. You will find hundreds of one-man, one-girl offices where The Dictaphone is as conspicuous as the telephone.

Go into the small and medium-sized cities, South, East, North, West. The offices, in which The Dictaphone produces side by side with the typewriter and adding-machine, range into the thousands.

What business man can stand out forever against a system which means so much to him? A system that means from 50% to 100% more letters per day—better thought, better wrought letters—letters produced with less strain, less friction, less overtime work.

Phone or write for a demonstration in your office, on your work. By writing us at once you can obtain, Free, "The Man at the Desk," our valuable book on The Dictaphone.

To Secretaries and Stenographers

Dictaphone Operators often say that they wouldn't want to work in offices where The Dictaphone was not in use. It is natural that they should feel that way. The Dictaphone System is a smooth-running, calm-nerved method of handling dictation. The demand for operators is great, and they are exceptionally well paid. The sooner The Dictaphone goes into your office, the better for you.

Increase in price goes into effect October 1st

Phone Randolph 2771 Call at 814 No. American Bldg. Write for booklet, "The Man at the Desk," 814 No. American Bldg.

There is but one Dictaphone, trademarked "The Dictaphone," made and marketed by the Columbia Graphophone Company

Why some banks find accounting "dead easy"

In banks where speed-with-accuracy in accounting work is rated high, the Library Bureau card ledger mechanically posted has proved its advantages.

It saves posting time—hours daily. By means of the L. B. index, accounts are instantly findable, and the cards have the properties for quick handling. They drop right into place on the posting machine. They are readily re-filled—housed in a special tray which holds them in correct working position.

For reference work, the L. B. Card ledger is equally convenient and quick—any account get-at-able at any time.

For commercial houses as well as banks and trust companies, the L. B. Card ledger mechanically posted makes accounting "dead easy."

Bankers attending the Convention are invited to visit the L. B. showrooms, 6 North Michigan ave., and see our exhibit.

EXECUTIONERS OF RUSSIA MURDER DAY AND NIGHT

U. S. Bares New Details of Soviet's Wholesale Slaughtering.

BULLETIN.
AMSTERDAM, Sept. 23.—Revealed attempts have been made to assassinate members of the soviet government in Russia, and as a result there will be fresh measures in reprisal, says a Moscow dispatch received here.

BY ARTHUR SEARS HENNING.
Washington, D. C., Sept. 23.—[Special.]—Appalling accounts of the excesses of the Bolshevik reign of terror in Russia are reaching the state department daily from representatives of the American government abroad.

Following the appeal of the administration last Saturday to the allies and neutral nations to take steps to end the anarchy in the ill fated Russian republic, the state department made public today the latest information obtained by government agents from the regions who are beginning to pour out of Russia by the thousands. The most prominent of these are the state department's latest information obtained by government agents from the regions who are beginning to pour out of Russia by the thousands. The most prominent of these are the state department's latest information obtained by government agents from the regions who are beginning to pour out of Russia by the thousands.

"Dangerous to Soviet."
In practically every one of these cases, which are now numbered by the thousands, the only charge preferred against the victims of Bolshevikism is that they are "dangerous to the soviet." That is sufficient to cause the state department to issue death warrants. The firing squads are despatched as working in relay day and night.

"One detail," says the state department, "is that officers are shot at sight in the streets, the guns being aimed with silence."
The arch-enemy of the Russian terror appears to be one Peters, whose character is reminiscent of that of the French revolutionist Barere, of whom Lenin observed: "The vice of Lenin was the virtue of Barere." Peters is the head of the "extraordinary commission against the counter-revolution."

"He signs death warrants without reading the papers," says the state department report.
Indicted with Power.
Peters is a Lett who has lived many years in England and speaks Russian with a strong foreign accent. He is known as a little blond man, tall, thin, with an unrelenting power of life and death over his fellow creatures. Outside his headquarters the corridors are crowded night and day with persons and workmen come to deliver up the lives of their enemies, their relatives, their rivals in love, and business men as men "dangerous to the soviet."

The unsupported word of the counter-revolutionist Peters, who is the "name of the soviet," is sufficient to cause death before sunrise.

The British and French consuls general in Moscow are now under arrest in their residences, according to the latest reports to the state department. Mr. Pevsley, the American consul general and one of the few Americans remaining in Bolshevik Russia, has not been placed under arrest up to date as far as is known.

FAST WORK

Chicago Aviator Meets and Marries English Girl and Is Back with Squadron in Month

Mr. Phyllis Coupe
Lionel Vincent Coupe

They met and married in a month. It was a romance—and things move fast over there now.

The bridegroom is Lieut. James Vincent Coupe of the royal flying corps, son of Mr. and Mrs. George Coupe, 2817 Cambridge avenue, Chicago. The bride is Miss Phyllis Irene Hunt of Marlborough, Wiltshire, England.

The honeymoon was a short one. Lieut. Coupe is now back in France with a bombing squadron.

When he decided to be an aviator Lieut. Coupe joined the British forces in Canada. Later he returned for four months' work at Fort Worth. He went to England last April. In July he met the English girl. The wedding was on Aug. 14. His parents and his sister, Miss May Coupe, got the pictures of the couple yesterday, so the story of the romance is new. Lieut. Coupe is 23 years old and was in the contracting business with his father before "joining up."

"The information which was given out by the Japanese military attaché is to the effect that Blagovestchensk and Aleksievsk were occupied by Japanese cavalry converging from Khabarovsk and Tselishan Sept. 18. Troops moving up the Amur river reached Blagovestchensk the following day.

Kokcha, where the Austro-Germans laid down their arms, is on the right bank of the Amur, opposite Blagovestchensk. Another enemy formation has retreated to the upper reaches of the Zeya river.

Japan Proclaims Friendship.
HARBIN, Thursday, Sept. 19.—[By the Associated Press.]—A proclamation has been issued by the Japanese saying that only because of the friendly feeling for Russia and not a desire to gain, Japan wishes to help restore order here. The proclamation lays emphasis on the assertion that any one, regardless of nationality, causing disorders will be severely punished.

It is believed the proclamation was issued because the people decline to accept notes carried by Japanese troops instead of Russian money.

TELLS PLAN FOR GERMAN-MADE PEACE LEAGUE

Erzberger for World Rule by Council Headed by Holland Chief.

AMSTERDAM, Sept. 23.—A draft of a constitution for a league of nations, worked out in detail by Matthias Erzberger, clerical member of the German Reichstag, is published in the *Yessische Zeitung* of Berlin. It is taken from a book entitled "The League of Nations: the Way to Peace," which Erzberger soon will publish.

The first section of this constitution dealing with the organization of such a league, says "any sovereign state can enter the league, which shall be considered to have been formed when the following powers are among those who have announced adherence: Germany, Great Britain, France, United States, and Russia."

The league would be the seat of the league and there the international bureau would conduct its business. Each state, with the approval of its parliament, would appoint one delegate. The international bureau would be controlled by a permanent administrative council, consisting of the representatives of the federated powers, with the Dutch foreign minister as chairman.

The Fundamental Laws.
Dealing with fundamental laws, the second section says:

"The league shall guarantee the territorial possessions of each federated state as well as undisturbed possession of colonies."

Each state would be independent in the conduct of its internal and foreign affairs within the limits of the league's constitution.

Members of the league would mutually undertake to cut down and steadily reduce their land, naval, and aerial forces according to a fixed standard to be agreed upon.

For Freedom of Seas.
For the first decade after the foundation of the league each state's surplus of raw materials would be divided between the other federal states according to a treaty to be agreed upon.

Members of the league would recognize freedom of the seas. Straits, canals, and connecting seas both banks of which are not in possession of the same federal state would be internationalized and their fortifications retained, guarded by a command consisting of contingents from all the federated states and commanded in rotation every three years by a delegate of the state.

Men in Draft Showing Penchant for Marriage
About three out of four male applicants for marriage licenses since Aug. 5, the date of the latest draft, have been eligible, according to Louis C. Legner, clerk in charge of the department in the county clerk's office. These, under the terms of the Crowder order issued Saturday, will not be exempt because of dependents so taken.

In round numbers, about 3,500 couples, the male members of which are included in the "18 to 45" draft, have asked for permission to wed. And the total is growing larger daily, according to Legner.

Vote on Equal Suffrage Due in Senate Thursday
Washington, D. C., Sept. 23.—[Special.]—Senator Jones of New Mexico, chairman of the woman suffrage committee, announced today that the national suffrage amendment would be brought to a vote next Thursday.

ENDS FREE USE OF SCHOOLROOM FOR DRAFT WORK

Board Says Some One Must Pay Charges for War Service.

Who is going to pay for janitor service, heat and lights in school rooms used for clerical work of the draft boards during the next few weeks? Requests by chairmen of district boards yesterday for the use of school rooms during evenings met with the reply from Dudley Grant Hays of the school department that the rooms could not be had free as in the past, but that the regular schedule price must be paid.

Angers Draft Chairmen.
Several draft board chairmen, who had expected to gain free access to the schools, were nettled at this. Owners of polling booths, political headquarters, and other places had offered free quarters, it was pointed out, and this service was expected of the public schools.

Superintendent of Schools Peter A. Mortenson said last night: "The board is not against the use of the school buildings for this work. It is entirely a matter of the expense involved. Since Jan. 1 last we have paid bills of \$11,000 for the expenses of patriotic meetings. There is no more money for such purposes. This year a new schedule of rents is being prepared, necessarily somewhat higher. New permits will be granted Oct. 1. We will have to adopt some policy in regard to the use of the schools for federal purposes. Mr. Hays' ruling does not cover that. For state purposes we have arranged that all permits go before the State Council of Defense."

Must Charge for Service.
Michael E. Maher, chairman of local board No. 8, asked for the use of three rooms in the Healey school, Wallace and Thirty-first streets.

"We are obliged to charge the schedule prices for service whenever the buildings are put to other than school uses," Hays replied. "There is no provision made in the levy of the tax or the apportioning of the budget to cover these outside expenses."

'BOMB CASING' AT KREUTZINGER'S A PRESSURE TANK

Government secret service men blew up another "bomb" story yesterday when they reported that the minister looking metal cylinder found in a shop owned by Leo Kreutzing, 447 North Hermitage avenue, last week, had been found to be an air pressure tank used in the nickel plating process operated by members of the family.

Kreutzing is held in the county jail pending a hearing for alleged seditious talk. His son, Sidney, was recently sentenced to ten years' imprisonment for disloyalty and refusal to perform duty at Camp Grant. Two other sons are at home, and one of them conducts a nickel plating business. A sister, Miss Wanda, is under charges of giving information concerning shipping to the enemy.

In trading deals touching upon the bombing of the postoffice, the secret service men investigated the stories of neighbors that mysterious packages were taken at night to the Kreutzing shop, and a week ago raided the place, finding the metal cylinder under the floors. They made their conclusions public yesterday.

WORK ON DRAFT LAGS; CITY MEN APPLYING HASTE

Committees to Care for Industrial Exemptions Are Organized.

Chicago draft boards were sending out questionnaires rapidly yesterday in the hope of making up for the delay which has put Illinois five days behind other states. Some of the boards had been addressing the envelopes in advance and were ready to send out large numbers. The order from the adjutant general requires that not less than 10 per cent be mailed out every day, and it is specified that all questionnaires must be mailed by Sept. 25.

Committees of three, representing every line of business, have been appointed to aid employers in systematically closing down after a meeting yesterday at the Morrison hotel, which was addressed by H. E. Merrick, chairman of the Selective Service Association, and W. R. Dawes of the Central Trust company, who explained the blank he devised to aid in the work.

Draft Boards Swamped.
"We must all bear in mind," said Mr. Merrick, "that the movement of men will be twice as rapid as it was in the previous draft. The draft boards are absolutely swamped with work and are calling for help, but it is difficult to find experienced people to send to them."

"We expect to have a conference Thursday evening at which all the subdivisions for which you are to appoint committees will be represented. We will have a round table discussion and will plan to hurry things along."

"Don't confine your efforts merely to members of the Association of Commerce, but cover the line of business you represent thoroughly. You are working for Uncle Sam now, and particularly to help the draft boards, which have more than they can do."

Plan Sent to Capital.
"I have reported this plan for having every line of business activity covered by means of committees to protect Marshal General Crowder and expect that it will be adopted all over the United States, as it simplifies greatly the problem of locating quickly the men whose work is essential and separating them from those who can be spared from business or the industries."

Mr. Dawes said that all business men would be surprised, after they had filled out their blanks, to find how few employees they would lose, as the number of those who have dependents, or are in essential work, is large. He explained that there was no occasion for panicky selling by business men who fear their office and working forces may be impaired by the draft.

The Employers' Committee.
The members of committees which will handle the survey in each of many industries were announced as follows, under their subdivision caption:

Subdivision No. 8, Automobiles, trucks and wagon accessories—John Nicol, H. J. Stuebler, Edwin Green.
Subdivision No. 10, Railroad products—H. E. Kenyon, R. H. Ritchie, George J. Brock.
Subdivision No. 17, Educational institutions—

COMMISSIONS

Eleven Chicago Men in List Announced by War Department.

WASHINGTON, D. C., Sept. 23.—[Special.]—Chicagoans commissioned in the army today were:

First Lieutenant, quartermaster corps—William C. Rogers, 1143 West Congress street.
Second Lieutenant, quartermaster corps—Frederick P. Plimpton, 1919 Michigan avenue; George B. Eiding, 2535 Ballou street; Homer W. Gilman; Charles O. Huber, 1131 Church street; Leroy A. Ryan, 6231 Wayne avenue; Omar P. Stille, 513 Goffield place, Evanston.

Second Lieutenant, motor transport corps—John L. Harper, 1939 North Hamilton avenue.
First Lieutenant, medical corps—Raymond F. Wright, 5457 Leland avenue; Alfred H. Claboe, Waukegan.
Second Lieutenant, tank corps—Robert T. Nickelson, 130 South Harvey avenue, Oak Park.

Built Like a Skyscraper

Jump into the open drawer. Jump hard! You can't harm it. The drawer will still "rest" in or out at a touch afterwards.

SHAW-WALKER

EVERY United States Aero-plane Squadron sent to the front carries two stacks of Shaw-Walker Built-Like-a-Skyscraper Steel Files.

The Government in its various departments—the leading munition makers—shipbuilders—food manufacturers—are demanding Shaw-Walker Filing Cabinets.

Therefore, Shaw-Walker has decided on the following policy for the balance of the war:

To assign its output in this order:—first, to the Government; second, to munition, shipbuilding and war supply manufacturers—third, to the regular commercial trade.

So, whenever our older customers are unable to secure Shaw-Walker Steel or Wood Files, we know that they will be willing to wait cheerfully, sacrificing their individual needs to the one great need—the winning of the war.

To all, at all times, the wide line of Shaw-Walker Standard-Size Filing Supplies is available.

SOLDIER AND SAILOR

Carry in your pocket two or three envelopes of

Allen's Foot-Ease

The Antipain, Healing Powder

These envelopes take up little or no room and are always ready for instant use in healing corns and skin breaks as well as for sprinkling into the shoes to prevent chafing of the feet and induced foot sore conditions. Allen's Foot-Ease takes the friction from the shoes and softens the feet.

The Physicians' Camp Manual advises men in training to shake Foot-Ease in their shoes each morning.

When writing to your Soldier and Sailor friends in Training Camps and Cantonnements, why not enclose an envelope or two of Allen's Foot-Ease?

"We are having many requests for Allen's Foot-Ease from the troops. Sold everywhere by Drug and Department Stores, etc."

Chenille—The Favored Floor Covering of the Day

Because the full rich beauty of color in low tone can be achieved in the chenille fabric as in no other carpeting, wide-loom chenille carpet rugs are by far the most favored in to-day's schemes of interior decoration. And it is worthy of attention that our present stocks provide such splendid selection in the most wanted low tones and in practically all widths from nine to eighteen feet without a seam.

Of Special Interest—

Glendale Chenille Carpeting at \$10.25 Square Yard

The new Glendale fabric is a heavy pile, wool back, well woven chenille carpeting in the low neutral tones of mole, wet sand, tete de negre, English beige, taupe and tan.

These colors are immediately available in varying stock widths of 9 ft., 10 1/2 ft., 12 ft., 13 1/2 ft., 15 ft. and 18 ft., to be cut without a seam in any required length up to 75 feet. An American woven fabric, Glendale carpeting will be admired for its luxurious texture and beautiful, soft color.

GASLESS SUNDAY
MAY BE ENDED
WITHIN WEEK

Washington, D. C., Sept. 23.—(Special.)—The voluntary bar on Sunday motorizing to conserve gasoline may be lifted by the fuel administration before next Sunday.

Advisability of proclaiming the Sunday gasoline saving period at an end is now under consideration, but nothing definite has been done.

Officials of the fuel administration said tonight that a certain fixed amount of gasoline was set to be conserved by these gasless Sundays and that the amount was expected to have been reached with last Sunday's saving.

When last Sunday's record is completed, if the conservation goal is shown to have been attained, the bar on Sunday motorizing will be lifted. At any rate, not more than one more Sunday will be motorless, according to present plans.

ordinance, and its provisions with respect to service are the provisions to which its opponents pay the least attention.

"The real question is whether these franchises and financial terms are objectionable. I do not claim that this ordinance is perfect of that it will automatically enforce itself. What I think can be demonstrated is that it provides a system that under the principles established by the ordinance embodies the recommendations of the very best engineering and operating talent available in the country and secures the very best local transportation service for the city of Chicago, on the very best terms for the public.

"This ordinance provides that the city of Chicago shall have local transportation service at the cost of that service; that the entire operations shall be controlled by a board of trustees who have no financial interest in the property, and who will be selected entirely by the city after 1927."

Considers Elevated Lines.

He pointed out that service and the rate of fare which is so frequently mentioned by opponents is absolutely in the hands of the state board of public utilities under an act approved by former Gov. Dunne, one of the chief objections to the ordinance.

"Take the elevated lines," he continued. "Most of the criticism has been aimed at them. There is not one dollar of franchise value allowed in the elevated lines. Their valuation is figured at the cost of reproduction, less depreciation, and that is figured on the basis of the average cost of material and labor for ten years preceding. How will the next ten year period compare with the last ten year period?"

"The principal single item about which there is a controversy on the elevated railroad valuation was that item of valuation of real estate. In this case the railroad companies refused to disclose from their records and said they did not have them."

Let People Decide.

"All that I propose to do is to make the traction situation clear to the people and let them determine whether they will accept or reject this solution. It is the first consideration of this

Washington, D. C., Sept. 23.—First steps toward the fixing of prices for standard grades of raw cotton were taken today by the government in the naming of two committees, one to investigate the entire cotton situation and the other to control, during the period of this inquiry, the distribution of cotton by purchasing all of the staple needed by the United States and the allies at prices to be approved by the president.

The members of the committee to purchase for the government and the allies are: Charles J. Brand of the department of agriculture, chairman; William L. Clayton, Houston, Tex., member of a large cotton firm operating in Texas and Oklahoma; J. Temple Gresham, New York, member of a large cotton firm with branches in many cities; and Edward H. Inman, Atlanta, Ga., former cotton merchant, now acting as a purchasing agent for the government.

Sensors and representatives from the cotton growing states today adopted a resolution setting forth that it opposed price fixing in principle and appointed a committee to present the facts to the government committee of inquiry in an effort to convince them that price fixing is not necessary.

"Cop" in Loop 29 Years Resigns to Take New Job

FIRST ACTION
TAKEN TO SET
COTTON PRICES

Washington, D. C., Sept. 23.—(Special.)—Senator Lewis of Illinois was back in his seat in the senate today fully recovered from the fatigue and exposure of his eventful voyage home from the front.

The outstanding development in connection with his return was the disclosure that he had brought back from England the most magnificent cream colored silk plug hat ever seen on this side of the Atlantic. The "tile" represents the crowning achievement of the senator's sartorial career and is said to harmonize perfectly with the purple vest, rainbow hosiery, and lavender spats which so often thrilled the senate in the past.

The new hat has not yet been unveiled and will be kept hidden from the public until an occasion adequate to its dignity arises.

A London shopkeeper presented the hat to the senator; it was stated. The price of it was \$30.

"I told him," said Senator Lewis, "that I could pay no such price for a hat. He exclaimed, 'O, no, I give it to you. I have had it on my shelf for six years and I have never before found any one handsome or dignified enough to wear it.'"

Bishop C. W. Currier Fatally Stricken on Train

Baltimore, Md., Sept. 23.—Bishop Charles Warren Currier of the Catholic church died on a train this evening when on his way from Waldorf, Md., to this city.

Police Sergeant Gustave Toma of Central station, twenty-nine years of age, and practically all of that time in the loop, resigned yesterday. He leaves to take a position with the federal reserve bank.

Chicago: First to fight
and first to lend

You have read of the gallant conduct of Chicago boys in action. You are proud of Chicago's representatives in the thick of things in France. They are worthy of their slogan: *First to Fight*.

Now—win another honor motto for this big, proud city of yours:

Make that motto: *First to Lend*.

We know you will buy Fourth Liberty Loan bonds generously. Chicago must respond to the utmost to uphold her brilliant record of past loans and meet her vastly greater quota in the present loan.

But we ask you now to buy promptly.

Thirty thousand volunteer workers—men and women—are going to canvass the city and the suburbs during this campaign. They are giving their time from their own business to lend this aid—to make it easy for you to buy at your place of business or at your home.

By subscribing promptly during the very first days of the loan—beginning Sept. 28th—you are not only saving the solicitor's time but also your Government's time.

Remember Chicago's new slogan in this loan: *First to Lend*. Get your honor badge early!

And then, by buying to your utmost, you will be lending the way your boys are fighting over there.

THE HONOR BADGE
—get yours early

VERY BRUNDAGE OF C. A. A. TAKES A. A. U. ALL-AROUND TITLE

FOUR MILE RELAY RACE AT GREAT LAKES FIELD

Runners of Winning Illinois A. C. Team Passing Baton at Beginning of Third Mile.

Avery Brundage, All-Around Champion.

NOTES OF THE MEET

Capt. W. A. Moffett, commandant of the station, appeared on the field for the first time. Capt. Moffett was well pleased with the work of the athletes and their kind words about his new athletic field.

Felham Bay athletes, who did not make as good showing as they expected in the junior and senior championships, came back in the relays. Their victories were clean cut and well earned.

Sherman Landers of the C. A. A., who was considered one of the best athletes in the country while attending University of Pennsylvania, has not yet regained his strength, lost by a severe attack of pneumonia. This was shown in the 200 yard relay, when he broke badly in his furling at the end of 180 yards.

When Earl Gilliam was competing in the pole vault the officials warned him to use a stronger pole. The pole broke and he was refused to switch. The championships were not concluded until dark, but the large majority of civilian spectators stayed until the winner was determined.

Brundage Conserves Strength. One of the secrets of the C. A. A. athletes' success was the kind of conservation of strength. He realized the athletes, especially the weights, were easy for him, while the jumps and the run were hardest. In competing the weights, Brundage put all his strength into the first trial and then rested for the second, thereby getting plenty of rest before the next event was called. In this way he generally was fairly fresh when a track event was called.

The victory of Brundage was a popular one. He won the title in 1914 and 1915 and was urged to go into yesterday's event with little training for such a long work. Since leaving college Brundage has been a member of the Chicago Athletic Association and at present is president, having previously served as secretary-treasurer.

Ray Shines Again. Little Ray, who successfully defended his title as national mile champion in the senior championships on Saturday, was responsible for the two victories of the Illinois A. C. In the last relay when his team was defeated he managed to overcome his opponents and win the national title in two events.

In the four mile event, Ray started eighth yards behind Gordon, the last runner for Felham Bay. Riding the lead, he won the title in 1914 and 1915 and was urged to go into yesterday's event with little training for such a long work. Since leaving college Brundage has been a member of the Chicago Athletic Association and at present is president, having previously served as secretary-treasurer.

ALL-AROUND SUMMARIES.

FRESHMEN PLAY WITH VARSITY ELEVEN IN PRACTICE ON MIDWAY

BY MAROON.

Maroon freshmen took their places in the ranks of eligible varsity players in the scrimmage on Stagg field yesterday. This seemed to indicate that Coach Stagg feels the freshmen have been doing well in the relays. Their victories were clean cut and well earned.

Despite the warmer weather, hardly a drop of sweat was seen on the faces of the players. A variety of drills as Director Stagg believes in getting as much work as possible before college opens next Tuesday, when his pupils go under military control.

Hinkle Gets Nose Broken. Hinkle, who has been showing varsity caliber, was placed on the varsity list when a teammate stepped on his nose in a scrimmage, causing a square break. The cartilage was moved back to its accustomed place, and Hinkle does not think his injury will keep him out of it long.

Two new freshmen put in their appearance and more are expected when college opens. Brandes, sub back on the freshman last year, also donned a suit.

Given Drill in Blocking. The morning session consisted of blocking in which the candidates have been considered weak by Stagg. Moulton did not return to the squad and his presence later is called doubtful, as he was badly felled by a kick on the head last Friday. These jobs, however, usually wear away before time for preparation for the important games.

The afternoon brought out a real scrimmage in which the would-be regulars defeated the rest of the bunch, 9 to 6, through a dropkick by Hinkle and touchdown by Elton. The session terminated early owing to the rain toward dusk and wreathes.

Conzelmann Hurt; Driscoll Will Lead Great Lakes

Great Lakes, Ill., Sept. 23.—(Special.)—Paddy Driscoll, All Western quarter back in 1914 when a member of the Northwestern eleven, probably will drive the Great Lakes team in its inaugural at Iowa City next Saturday, as a result of an injury to Jimmy Conzelmann, station team quarter back, in Saturday's drill. Conzelmann injured his shoulder and will be out for some time.

HOLLYWOOD SOCCERS PRACTICE

Two practice games have been booked by the Hollywood high school soccer football team. On Thursday afternoon it will meet Lake View at 10 a. m. and on Saturday at 10 a. m. it will meet Oak Park at the latter's field.

ONE MILE RUN.

First heat—Won by Thompson, Royal Air Force, 11.1 sec. Second heat—Won by Thompson, Royal Air Force, 11.1 sec. Third heat—Won by Thompson, Royal Air Force, 11.1 sec. Fourth heat—Won by Thompson, Royal Air Force, 11.1 sec. Fifth heat—Won by Thompson, Royal Air Force, 11.1 sec. Sixth heat—Won by Thompson, Royal Air Force, 11.1 sec. PURPLE CHANCES CALLED GLOOMY

Gloom still prevails on the Northwestern football field, despite an increased number of candidates and the coach's approval of the squad. Discouragement is due to the small number of applications for the varsity team.

Jack Norman, who played tackle and end on the freshman team last year, put on his leathers for the first time yesterday. He is considered a valuable addition to the varsity squad, which now numbers twelve.

The heaviest man to step on the field this year is Myron Bennett, who weighed in at 211 pounds. Bennett played on the De Paul High school team last year. Willard Nelson, half back last year on the Lake View team, was assigned his locker yesterday. Another prospect for the freshman team is Cortland Newton, who played end last year on the Benn heavyweights, 196, and Bennett are the heaviest men on the field.

Other freshmen candidates who visited the field for the first time are Eugene Scodell of Wendell Phillips and Ed Brown, from the Summit High school, St. Louis.

HARVARD HAVES WANTS GAME

Harvard football team would like to have a game with the Chicago team for Sunday, Sept. 24, at 2 p. m. at the University of Chicago.

SCHOOL SOCCERS DRAW SCHEDULE

Sixteen teams will compete in the Chicago High School soccer championships this season, six in the heavy weight division and ten in the light weight.

In the heavyweight, there are three teams each in the north and south sections, and in the lightweight there are three each in the north and south center divisions, and four in the north section. Secretary J. E. Ryan announced the schedule last night as follows:

HEAVYWEIGHTS.

South section—Oct. 5, Hyde Park at Hyde Park; Oct. 12, Hyde Park at Hyde Park; Oct. 19, Hyde Park at Hyde Park; Oct. 26, Hyde Park at Hyde Park; Nov. 2, Hyde Park at Hyde Park; Nov. 9, Hyde Park at Hyde Park; Nov. 16, Hyde Park at Hyde Park; Nov. 23, Hyde Park at Hyde Park; Dec. 1, Hyde Park at Hyde Park; Dec. 8, Hyde Park at Hyde Park; Dec. 15, Hyde Park at Hyde Park; Dec. 22, Hyde Park at Hyde Park; Jan. 5, Hyde Park at Hyde Park; Jan. 12, Hyde Park at Hyde Park; Jan. 19, Hyde Park at Hyde Park; Jan. 26, Hyde Park at Hyde Park; Feb. 2, Hyde Park at Hyde Park; Feb. 9, Hyde Park at Hyde Park; Feb. 16, Hyde Park at Hyde Park; Feb. 23, Hyde Park at Hyde Park; Mar. 1, Hyde Park at Hyde Park; Mar. 8, Hyde Park at Hyde Park; Mar. 15, Hyde Park at Hyde Park; Mar. 22, Hyde Park at Hyde Park; Mar. 29, Hyde Park at Hyde Park; Apr. 5, Hyde Park at Hyde Park; Apr. 12, Hyde Park at Hyde Park; Apr. 19, Hyde Park at Hyde Park; Apr. 26, Hyde Park at Hyde Park; May 3, Hyde Park at Hyde Park; May 10, Hyde Park at Hyde Park; May 17, Hyde Park at Hyde Park; May 24, Hyde Park at Hyde Park; May 31, Hyde Park at Hyde Park; SOCIETY and Entertainments

F. Perkins Family Go to Washington; Close Home Here

Mr. Perkins, who went to Washington today, they expect to return, which may mean the end of the war is over.

Mr. Perkins, who has been with the Red Cross board since June, came back to his home in Chicago, Ill., after his work in Washington. He is now in the hospital, and his family is expected to return in the near future.

Women in Wartime

BY LUCY CALHOUN.

Pulse, good judgment, tact, and infinite patience—these are some of the qualities demanded of women who would be of assistance in the work of helping crippled soldiers to adjust themselves to civilian life and work.

The fall class in Red Cross occupational therapy began yesterday at the Henry B. Fayall school, under the direction of Mrs. Eleanor Clark Slagle, an internationally famous expert on the cure of mental diseases.

This class will be trained to instruct them in the work of the Red Cross. The class will be held at the Red Cross training center, in the Tower building.

A meeting of the executive board of the women's committee, Council of National Defense, and affiliated organizations will be held at 20 this morning in the auditorium of the State Council of Defense building, at 120 West Adams street.

Mrs. Selma Wiegert will discuss drying, mending, and picking at the 11 a. m. lecture at the U. S. Food station, 28 South Wabash avenue, this morning. At the 2 p. m. lecture she will demonstrate the cold pack method of mending.

Mrs. J. Ogden Armour and her daughter, Mrs. Louisa Armour, were the social hostesses yesterday at the new food for France shop at 65 East Adams street. The receipts for the first week at the shop total \$1,400.

The money goes to provide food for sick and wounded civilians and refugees.

Community Work for Girls. In order that when our soldiers and sailors come back after the war they may find that the girls they left be-

WM. N. AREND, ARCHITECT, DEAD

William N. Arend, pioneer architect, died yesterday at Alexian Bros' hospital after an illness of two months. He was born in Halesdorf, Germany, in 1832. He came to Chicago in 1850. In 1854 he married Miss Augusta Lehman. Three daughters of the ten children are living. They are Mrs. A. G. Johnson, Mrs. L. A. Hilde, and Mrs. A. G. Miller.

Several of Chicago's churches were designed and built by Mr. Arend. During the civil war he was employed as civil engineer by the Illinois Central railroad. He was engaged in transportation of supplies and soldiers.

Joseph Thierry, French Ambassador to Spain, Dies. MADRID, Sept. 23.—(Havas Agency.)—Joseph Thierry, the French ambassador to Spain, died today.

MRS. HENRY JENNINGS SMITH of 44 East Schiller street died Sunday of heart disease. She was a member of the Fourth Presbyterian church, the Chicago Women's club, the Women's City club, the School of Domestic Arts and Sciences, and was a worker for the Red Cross. She is survived by her husband and two children.

MRS. LOUISA ROSS CALKINS, 74 years old, widow of Lieut. W. W. Calkins, died at the home of her niece, Martha H. Pope, 5144 Harold avenue, Berwyn, yesterday. Mrs. Calkins was the daughter of John Hensley, a leading abolitionist in the late '40s and early '50s.

hind have kept pace with them in every respect, the same sort of community work among girls that is being carried out by War Camp Community service for the benefit of the fighting men will be a necessary part of the reconstruction program. That this will be the case is shown by the fact that the first week at the shop total \$1,400.

The money goes to provide food for sick and wounded civilians and refugees.

Community Work for Girls. In order that when our soldiers and sailors come back after the war they may find that the girls they left be-

DEATH NOTICES.

WAR NEWS SENDS CORN TO LOWEST LEVEL OF SEASON

Report the Kaiser Is Ill Also Helps to Bear Market.

By CHARLES D. MICHAEL.

Corn had a weak tone and closed at almost the lowest prices, with losses of 1 1/2 to 1 3/4 c. Oats developed good support on all weak spots, and with light offerings closed 1/4 to 1/2 c. higher in Chicago. Corn in the southwest closed 1/4 to 1/2 c. lower and oats 1/4 to 1/2 c. higher. In Minneapolis oats closed 1/4 c. higher, and in Winnipeg were 1/4 c. higher.

Provisions advanced with light offerings and closed with gains of 1/2 to 1 c. Pork, 1 1/2 to 2 c. on the distant futures of pork, and 1/2 c. up on short ribs.

New Low Level for Corn.

Corn futures sold down to new low levels for the season on the current deliveries, prices dropping 1 1/2 to 2 c. from orders being uncovered on the break. Reports that the Kaiser was ill and the general favorable war news were the depressing influences. Buying support came mainly from shorts, and the finish was within 1/4 c. of the bottom, with offerings closed 1/4 to 1/2 c. higher in Chicago, 1/4 to 1/2 c. higher in Minneapolis, and 1/4 to 1/2 c. higher in Winnipeg.

Weather conditions over Sunday were favorable for curing the crop, and cutting is progressing rapidly. Receipts fairly liberal at 281 cars and are expected to remain so.

WORLD'S GRAIN MARKET NEWS

Receipts of Cattle Are the Second Largest of the Year.

By CHARLES D. MICHAEL.

Grain among the local corn traders was bearish yesterday. It was said that many buyers were out of their holdings on steep declines. The market appeared to be the lowest since the start of the season. The price of corn was at a low level, and the market was expected to remain so for some time.

A few local traders who have been bullish regarding the corn market as a whole, others said they would likely be enough selling by local on all buyers to satisfy the shorts, who in light of the market advanced prices. The weather and war news are said to be the main factors in the market, and the price is expected to remain low for some time.

Many corn traders are favorable to the buying side on breaks in the federal government and the railroad's superior continuance to take the market. It was said that the price of corn was at a low level, and the market was expected to remain so for some time.

With Chicago, New Orleans, and other points, the market was expected to remain so for some time.

PACKERS POUND MARKET; PRICES OF HOGS DOWN

Receipts of Cattle Are the Second Largest of the Year.

By CHARLES D. MICHAEL.

Competition was making in the hog trade, and prices closed 1/2 to 1 c. lower. Receipts of hogs at 28,000 were 4,000 larger than a year ago. Shipping orders were small, which enabled packers to pound the market, the best closing at \$10.15.

Local cattle receipts were the second largest of the year at 14,000, while St. Louis, with 11,000, and Kansas City, with 10,000, broke all former records for supplies, showing that country owners are in a mood to unload.

Cattle Cows Low.

Two many thin, light steers and a few calves, and prices closed 1/2 to 1 c. lower. Receipts of cattle at 14,000 were 4,000 larger than a year ago. Shipping orders were small, which enabled packers to pound the market, the best closing at \$10.15.

Local cattle receipts were the second largest of the year at 14,000, while St. Louis, with 11,000, and Kansas City, with 10,000, broke all former records for supplies, showing that country owners are in a mood to unload.

HAY AND STRAW

Spontaneous Combustion Hazard in Storing Soft Coal.

By THOMAS R. WEDDELL.

Fire insurance men are watching with anxious interest the hazard of fire from the spontaneous combustion of large quantities of soft coal, which is being stored in large quantities in the city.

At the recent meeting of the Western Association of Fire Underwriters, an official committee was appointed to report on the matter, and it is expected that the committee will make a report on the matter in the near future.

It is recommended that the adoption of a mandatory rule, which is now being voted on, requiring that all policies covering the storage of soft coal be written on a non-combustible basis, and that the policy be written on a non-combustible basis, and that the policy be written on a non-combustible basis.

INSURANCE NEWS

Spontaneous Combustion Hazard in Storing Soft Coal.

By THOMAS R. WEDDELL.

Fire insurance men are watching with anxious interest the hazard of fire from the spontaneous combustion of large quantities of soft coal, which is being stored in large quantities in the city.

At the recent meeting of the Western Association of Fire Underwriters, an official committee was appointed to report on the matter, and it is expected that the committee will make a report on the matter in the near future.

It is recommended that the adoption of a mandatory rule, which is now being voted on, requiring that all policies covering the storage of soft coal be written on a non-combustible basis, and that the policy be written on a non-combustible basis, and that the policy be written on a non-combustible basis.

How We Invest Trust Funds

Spontaneous Combustion Hazard in Storing Soft Coal.

By THOMAS R. WEDDELL.

Whatever conditions may arise in the financial market, beneficiaries can depend upon the best net income which wide investing experience and vigilant care can procure. This is an advantage which few individual trustees are in a position to afford.

Upon request one of our representatives will call and give information concerning any branch of this company's service.

Promotes as well as Protects

American Credit Insurance does far more than provide absolute protection against abnormal, unforeseen credit losses. It serves to prevent losses, by providing for the allowance of covered accounts not over forty-five days past due, if the company fails to collect them.

Thus it cultivates confidence as well as carelessness; helps to construct, as well as to conserve.

Such a broad service, which places credit upon an absolutely guaranteed basis and safeguards them against all eventualities—is of particular value to manufacturers and wholesalers right now. Full particulars of the American's Unlimited Policy will be sent free upon request.

THE AMERICAN CREDIT-INSURANCE CO. NEW YORK. L.M. TREAT, President.

R. J. Lydane, General Western Manager, 1139-42 Marquette Bldg. Telephone Central 3769, Chicago, Ill.

CASH NEWS

With the exception of a few cars of very choice wheat, all of the arrivals of 1,175 cars at Chicago and at the government, which were within 1/4 c. of the bottom, with offerings closed 1/4 to 1/2 c. higher in Chicago, 1/4 to 1/2 c. higher in Minneapolis, and 1/4 to 1/2 c. higher in Winnipeg.

GRAINS IN ALL MARKETS

Chicago, Sept. 23.—Wheat, 1 1/2 to 1 3/4 c. lower. Corn, 1 1/2 to 1 3/4 c. lower. Oats, 1 1/2 to 1 3/4 c. lower. Barley, 1 1/2 to 1 3/4 c. lower. Rye, 1 1/2 to 1 3/4 c. lower. Sorghum, 1 1/2 to 1 3/4 c. lower.

GRAIN STATISTICS

North American exports of grain and provisions for the last week compared as follows:

Item	Week ending Sept. 20	Week ending Sept. 13
